

## DELEGATION LIST & PROFILE

### ROMANIA

Sr	Company Name	Coordinator	Company Profile
R1	Expert Multiservices Ltd. Expert Tours I.A.T.A. Agency	Mr. Dan Gabriel Tudorache President	<ul style="list-style-type: none"> <li>* Technical organizer and build of Romanian National Pavilions in China , Brazil , India , South Africa and</li> <li>* Organization of Economic Missions in Romania for foreign Chambers of Commerce and foreign Business delegations.</li> <li>* Organizer of the business travel delegates of the Chambers of Commerce and Industry of Romania for the business meetings abroad with foreign Chamber of Commerce.</li> <li>* Business travel , organization of conferences , seminars and work shops in Romania and abroad.</li> <li>* Organization of business travel for Romanian companies for visits and participation to the International Forums and International economic events.</li> </ul>
R2	Fepa-Cm Employers' Association From Machine Building Industry	Mr. Paul Mirica Counsellor Fepa-Cm	<p>FEPA-CM is a professional federation, autonomous, nongovernmental, apolitical, having non-profit character and being constituted on the activity branch criterion. FEPA-CM promotes, sustain and protect the economical, technical, juridical common interests of the associated members face to public authorities: Parliament, Government, Economical Ministry and other state organisms. FEAP-CM issues proposals for realizing an economical climate, which can profitably develop the production and export. FEPA-CM successfully contributes to the dialog government- employers- syndicate through the economic and social board, nationally represented with legal functions in establishing the social and economic policy. FEPA-CM is composed of two employers having offices in Bucharest and Brasov, 111 companies are members and they represent the following production profile:</p> <ul style="list-style-type: none"> <li>* machineries and equipment for oil power</li> <li>* chemical, metallurgical, mining, food;</li> <li>* road construction industry</li> <li>* tractors and agricultural machines</li> <li>* trucks, busses, trolley- buses, micro- buses</li> <li>* automobiles ad 4X4 drive cars, machinery</li> <li>* river and maritime ships, railway cars, locomotives</li> <li>* planes and aeronautical industry products</li> <li>* industrial steel structures, constructions, cranes, lifting and transportations machines ; bearing and bolting</li> <li>* independent foundries or foundries belonging to different companies.</li> </ul>
R3	Icemenerg (Energy Research & Modernizing Institute)	Mr. Gheorghr Pauna Manager – Renewable Energy	<p>ICEMENERG manages research and engineering projects and services in energy field:</p> <ul style="list-style-type: none"> <li>* Processes and equipments for the generation, distribution and use of electrical and thermal energy</li> <li>* Environmentally clean renewable energy production systems and materials</li> <li>* Technologies for highly efficient production, delivery and use of energy</li> <li>* Advanced power generation technologies</li> <li>* Smart transmission grids and associated energy infrastructures</li> <li>* Informational systems and data basis for energy</li> <li>* Environmental and health issues associated with the production, distribution and use of electricity</li> <li>* Strategic studies and energy prognosis</li> <li>* Devices and measuring instruments verification and control</li> <li>* Measuring instruments, adjustment and control for industrial processes</li> <li>* Control command devices of high voltage switches - Controlled Command Device Of High Voltage Switches</li> </ul> <p>The device is useful in commutation schemes of small inductive and capacitive charges from high voltage stations. The benefits of using the device consist in eliminating the commutation over-voltages and, implicitly, the increase of period and safety in functioning of operating switches.</p>
R4	Metarom Industries	Mr. Paul Mirica General Manager	<p>Import-Export Of: Raw Materials For Metallurgy And Machine-Building Industry; Equipment And Spare Parts For Metallurgy And Machine Building Industry; Industrial Equipment; Metallurgical Products, Non-Ferrous And Ferro-Alloys Products, Pig, Iron, Cast Iron; Rolled And Extruded Aluminum-Alloys Products; Metallic Packaging And Related Production Equipment; Screws, Connecting Parts And Metal Accessories. Export Of Spare Parts For Locomotive And Railcars.</p> <p>Import Of Rare Earths Used In Glass, Ceramics, Metallurgical, Chemical And Petrochemical Industries: CERIUM Metal, Lanthanum Metal, Neodymium Metal, Praseodymium, Metal, Yttrium Metal, Samarium Metal, Dysprosium, Metal, Terbium Metal, Gadolinium Metal, Europium Metal, Erbium Metal, Lutetium Metal, Aluminium scandium, Alloy, Scandium Metal, Strontium Metal, Ni/Co/Fe-Base Alloys, Rare Earth Alloys</p>
DE	Ministry For SME' S, Trade And	Mrs. Adriana NICA	<p>The elaboration and implementing of the Ministry for SME,s Trade, &amp; Business Environment policy in the field of foreign trade and international economic cooperation are achieved by the Foreign Trade Department, activity coordinated by the minister in charge for foreign trade.</p> <p>The main tasks of Foreign Trade Department are the following:</p> <ol style="list-style-type: none"> <li>1. Elaboration and implementing of the commercial policy of Romania in collaboration with other specialized institutions and in compliance with the Government Programme, observing as well the international agreements concluded at international and European level;</li> </ol>

R5	Business Environment	Counsselor DPE	<p>2. Drawing up of strategies , programmes and policies regarding the commercial competitiveness and opportunities ;</p> <p>3. Supporting the presence of Romanian economic operators on international markets;</p> <p>4. Implementation of the Programme for Promotion and Support of exports and elaboration of the national Strategy for Export, in public private partnership, in compliance with the World Trade Organization Agreements;</p> <p>5. Coordinating the promotion activities abroad on the target markets.</p>
R6	Romanian Trade Promotion Center	Mrs. Doina Petcu Counsellor	<p>In 1995, it was created Romanian Foreign Trade Centre (RFTC), as a public institution of national interest, having as main object of activity the export promotion. It was restructured in 2004, under the name of Romanian Trade Promotion Centre (RTPC).</p> <p>RTPC's main activity is the promotion of Romanian products and services on foreign markets. In order to achieve its objectives RTPC in conducting activities which are specific to national promotion organizations:</p> <ul style="list-style-type: none"> <li>* Organizes fairs, exhibitions, trade information stands in the country and abroad;</li> <li>* Organizes seminars, conferences and forums on topics like trade facilitation and promotion;</li> <li>* Organizes economic missions and business meetings for Romanian or foreign companies.</li> </ul> <p>In 2007 RTPC organized more than 60 trade fairs and exhibitions and 20 economic missions abroad. RTPC is involved in promotional programmes and cooperates with different organizations such as:</p> <ul style="list-style-type: none"> <li>* International Trade Centre and</li> <li>* Balkan Regional Centre for Trade Promotion (BCTP)</li> </ul>
R7	Sc Comat Arhiva Srl	Mr. Iulian Averian General Manager	<p>Among the COMAT CONSTANTA group, working in high quality conditions at very favourable pricing, The COMAT-ARHIVA Ltd. is authorized and specialized in providing the following services:</p> <ul style="list-style-type: none"> <li>* State of the art storage and preservation</li> <li>* Storage and preservation of archives in special spaces with maximum security</li> <li>* Bookbinding service</li> <li>* Selection of documents subject to archiving</li> <li>* Inventory records in compliance with the archive law</li> <li>* Document management</li> <li>* Stock inventory</li> </ul>
R8	Sc Comat Constanat Sa	Mr. Gheorghe Ciurea General Manager	<p>SC COMAT CONSTANTA SA guarantees its business by:</p> <ul style="list-style-type: none"> <li>* 58 years of activity in commercial fields;</li> <li>* Partnerships and other forms of collaborations;</li> <li>* Storage capability</li> <li>* Diversification of offer permanently adapted at the costumer requires;</li> <li>* Department store;</li> <li>* COMAT CONSTANTA belongs to a famous and well- known system at en- gross commercial companies which cover all countries in Romania</li> </ul> <p>PRODUCTS AND MATERIAL OFFER: Hot rolled coils and sheets; Cold rolled coils and sheets; Galvanized rolled coils and sheets; U. T. I. profile; Reinforcing deformed bars; Equals angles; Pipes; Cement, chalk, paint, bricks; Juice, fast- food products;</p>
R9	The Mechanical Engineering And Research Institute	<p>Mrs. Florica COSTIN Research Engineers</p> <p>Mr. Marian Topologeanu Manager of Research Engineering Dept</p> <p>Mr. Gheorghre Badea Executive Director</p>	<p>SC ICTCM SA - The Mechanical Engineering and Research Institute, located in Bucharest founded in 1956, with national and international recognition, SC ICTCM is a research and technological development institute for developing technologies, equipment and prototypes, developing and promoting studies, researches, designs, diagnoses, information, consultancy, analysis and solutions for technological and economical requirements mainly in the domain of machine building and also in other domains with technological and technical similarities.</p> <p>Main activity domains: surface engineering, mechanical processing, surface preparation, plating the electro- and thermo-coating, paint coating, assembly, mechanization and automation, mechanical transmission, research and test stands, high pressure processing, electro erosion and electrochemistry, industrial informatics - IT, quality management, economic analysis, marketing, prognoses, concepts, technologies, systems and equipments for protecting and rehabilitating the environment.</p> <p>SC ICTCM SA develops complex projects required by the customers, projects financed by National and International Programs (OTAN, LEONARDO, PC6, EUREKA), projects with internal and external partners, projects financed by Governmental Programs.</p>
R10	Turnatoria Centrala Orion Campina Sa	Mrs. Mariana Cristea Technical Manager	<p>Turnatoria Centrala Orion was founded in 1971 and the headquarters is in Campina, at about 100 km north-west from Bucharest on the national road DN 1.</p> <p>There are produced here cast pieces from a wide range type of alloy like: grey cast iron, spheroid graphite cast iron, carbon steels, low and high alloyed steels.</p> <p>The molding is made also on mechanized lines on HWS molding machines air - impulse as well as on manual lines in mixtures based on resins and sodium silicate. These procedures allow manufacturing of a wide range of products from point of view of both gauges and weights. Turnatoria Centrala Orion produces any types of parts, unique parts of series of thousands of pieces by year.</p> <p>At this moment, TCO can be considered a representative entity, being the second foundry in Romania acc. to the Foundry Technological Association Standards. Total surface is 240000 m<sup>2</sup> and monoblok shop surface where is unfurled technological production flows is 36517, 5 m<sup>2</sup>.</p>
